3. Take the top card from the draw pile and place it next to the draw pile face up.
4. Rock Scissors Paper to decide who goes first.
5. Play goes clockwise starting from the winner.
6. Each player in turn tries to match either the color OR the topic of the card in the discard pile.
7. If a player can't match the topic or color card on top then he/she must pick a card from the draw pile. If the card matches the topic or color than he/she can play the card.

## TORNADO CARD RULES

When someone plays a Tornado left OR a Tornado card ALL the players must pass all of their cards one player to the left or right as indicated on the Tornado card. Also play goes in the direction of the Tornado card. So if play is going left and someone plays a Tornado Right card all the players pass their cards right and play continues right.
